# COLES

JAMES COLES AND SONS (NURSERIES) LTD

**TREES & SHRUBS**

**for UK commercial and amenity planting**

**Into the next Century of Excellence**

# Right PLANT Right PLACE

Coles Nurseries are the UK's largest grower and supplier of nursery stock for commercial and amenity landscaping, growing over 6000 lines of trees and shrubs.

Centrally located in the East Midlands, the Coles family and nursery business will have been supplying trees and shrubs for soft landscaping to the UK amenity market for 100 years in 2013.

Operating across multiple modern production nurseries, the Company has continuously invested in land and facilities dedicated to bed, glass and field-grown production over 200 hectares. The 100-strong workforce operates across the sites and nursery stock is despatched and delivered nationally in the Company's own fleet of vehicles.

The in-house Propagation Unit takes over 1.5 million cuttings each year across 600 shrub varieties. Over 1 million field-grown trees in 200 varieties are grown in the fields, with over 150,000 young trees replanted each season. A quarter of these are British native varieties.

## Into the next Century of Excellence

James Coles & Sons (Nurseries) Ltd was established in 1913 by James Coles, who purchased his own plot of land in Leicester after managing various nurseries across Britain.

From humble beginnings in supplying plants to local large estates, the Company has developed into a professional and thriving business, working in partnership with local authorities, landscape contractors, other nurseries and grounds maintenance teams across the country.

Over recent years of steady and consistent development, the Company has been guided by the Managing Director, James Coles, who is the great-grandson of the founder and is committed to extending and expanding the Company's operations and successes with his Management Team.

In this Centenary year, the Company will be celebrating its' history and heralding its' future with customers, employees, associates, suppliers and future clients alike, with events and activities planned throughout the year. Look out for Centenary news throughout 2013.

- *Fourth generation family business built on success and succession*
- *Extending tree ranges into larger sizes*
- *Advancing environmental approach with water management*
- *Researching alternative growing media and pest control*
- *In-house training programme to nurture and develop skills and empower people*
- *Customer support and developing partnerships*

## STAYING IN TOUCH

Keep up-to-date with company news and the latest stock availability at [www.colesnurseries.co.uk](http://www.colesnurseries.co.uk). With over 11,000 lines to search, you can select items and build a plant enquiry to send to Coles Sales Team for pricing.

Subscribe to e-bulletins to have the latest news land in your Inbox, including brand new "looking good" items and new stock availability.

The Coles Sales Team is available to discuss any planting issues you may have and can provide advice and suggestions of available plants for any situation and requirement. A site visit from one of the Team can also be arranged, as well as comprehensive nursery visits for plant selection and to experience the whole Coles growing process in action.

# Trees in Superroot Fielders™

Available late September to mid-May

Trees are planted in the Superroot Fielders™ in the open ground. The roots penetrate the bag wall and are then restricted at approximately 3mm by the specially engineered fabric of the bag, creating an excellent radial, fibrous root system, which gives the plant a head start in re-establishment after planting. Separate factsheet available on request.

# Transplants & Hedging Plants

All our seedling material will be at least 2 years old transplanted stock (1+1) with a well developed root system – not to be confused with 1 year (1+0) seedlings. All plants supplied are wrapped in black polythene bags for freshness. White or co-extruded bags will be charged at cost.

## SPECIFICATION

40/60 Height in cm  
60/80 Height in cm

0/1 1 year old hardwood cutting which has not been transplanted.  
1+1 2 year old seedling transplant (one year in seedbed, transplanted and grown on for one year).  
1+2 3 year old seedling transplant (one year in seedbed, transplanted and grown on for two years).

NB. All Transplants and Hedging will be supplied in bundles of 25 plants and the MINIMUM ORDER IS ONE BUNDLE.

# Container-grown Shrubs, Climbers & Amenity Hardwoods

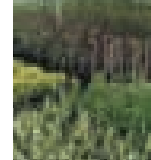

A wide range of plants are available in rigid containers, specified in compliance with the HTA National Plant Specification. This means all litre container sizes are prefixed with 'C', e.g. C3 = 3 litre. 'P9' indicates a 9cm pot.

The placing of any orders with James Coles & Sons (Nurseries) Ltd, (The Company), implies acceptance of the following Terms and Conditions:

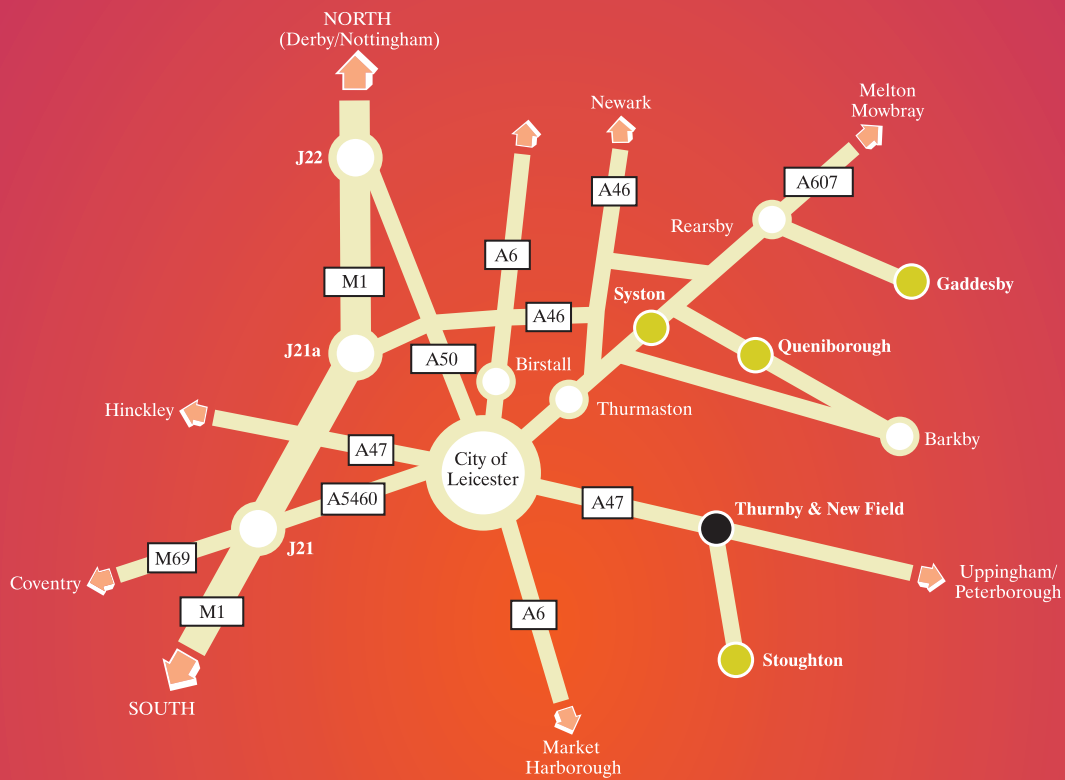

#### A. CONTRACTUAL

1. **Quotations:** All plant prices are quoted ex nursery unless otherwise agreed or confirmed in writing. Prices quoted exclude VAT. Quotations remain valid for one month from the quotation date subject to availability unless otherwise agreed.
2. **Ordering:** When ordering against a written or e-mail quotation, please give the relevant Coles quote number (prefixed with 'Q'). Orders will be priced and can be confirmed in writing. Orders will then be met in full, except where any stock suffers from adverse conditions beyond our control. We shall always endeavour to meet reasonable demands for quality stock. Where goods ordered are to be grown on commercially by the Purchaser, this must be stated so that correct EC Plant Passports may be issued with the goods. Our Registered Number is EC Plant Passport UK/EW 14266.
3. **Delivery/Collection:** Delivery for orders by our own vehicles is free within 150 miles of Leicester on all orders over £750 (excluding VAT). For orders below this amount and/or on longer journeys, an appropriate delivery charge will be applied. Packing and carriage on goods sent by other carriers will be charged nett at cost. All prices are deemed to be nett ex nursery. Small orders of goods may be collected from Thurnby. If The Company and the customer agree that the plants are to be collected from our premises, the customer will collect the plants no longer than 3 working days after the agreed collection date and will be liable for payment from this date.
4. **Invoicing:** Unless goods have been supplied against an accepted quotation, the catalogue price will be applied and any handling and/or delivery charges and discounts will be included. This catalogue is strictly wholesale. For quantities of less than 10, there will be a Small Order Surcharge of 30% on the catalogue rate. VAT will be charged on all items at the prevailing rates. Our VAT registration number is GB 290 2618 62.
5. **Payment:** *Customers with an agreed credit account:* Payment for all goods invoiced is due net 30 days from the date of supply unless otherwise agreed in writing. All new customers and customers without a Credit Account will be required to pay before delivery. A 30-day credit account can be applied for by completing our Application Form (available on request). The customer agrees to make known in writing to us any comments, complaints or other lawful objections, which may delay payment of the invoice within 7 days of receipt of invoice. We will exercise our statutory right to claim interest and compensation for debt recovery costs under the late payment legislation if payment is not received by us in accordance with our agreed terms. Credit limits will be applied to all accounts. It is the policy of the company to take immediate legal action to recover debts and associated costs incurred due to dishonoured cheques accepted in good faith for payment of goods. We reserve the right to revoke Credit Accounts. We accept payment by cheque, credit or debit card, cash and BACS.
6. **Retention of Title:** All deliveries or collections are subject to Retention of Title, until all sums outstanding and due to the Company have been received. Credit is only extended on the understanding that all customers accept these Terms & Conditions.
7. **Transport Packing:** All pallet boxes and black boxes have a minimum value to the Company and will be charged to clients not returning empties. An employee or representative of the Company must ratify returns.
8. **Warranty:** The Company will supply all Nursery Stock at least up to British Standards and in accordance with the National Plant Specification. Further details of this specification are available from the HTA (Tel: 0118 930 3132) or by visiting [www.gohelios.co.uk](http://www.gohelios.co.uk).

The risk in the goods shall pass to the customer upon delivery/collection and it is the customer's responsibility not to neglect or mistreat goods supplied. We hold no liability for any defects resulting from weather, accident, failure to plant, failure to tend or general neglect. At the time of supply, it is the client's duty to check that the plants comply in all respects with the contract and that there are no apparent shortages. Any queries or complaints arising must be notified to the Company in writing within seven days of the receipt of goods. Queries and complaints that arise after this date must be notified to the Company in writing as soon as they become apparent, including full details of all relevant issues. Any reasonable queries arising in these circumstances will be dealt with fully and sympathetically. If it is necessary for a representative to attend a site inspection, we reserve the right to charge for all expenses incurred in undertaking the visit. Any compensation due to the customer shall not exceed the invoice price of the goods in question.

#### B. GENERAL

1. **Plants Listed:** The Company's catalogues contain most of our range of production, but we are always prepared to quote for items not listed or for larger specimens. We do not supply trees and shrubs on approval.  
  
Whilst our catalogue list complies with recognised National Plant Specification (NPS) height and spread grades, allowance should be made for seasonal variations and the time of year the plants are supplied. Every effort is made to fully comply with the NPS but advance notice will be supplied of any size variation at the time of supply or quoting.
2. **Scheduling:** Although we shall always endeavour to meet the client's delivery or completion requirements, there cannot be an obligation to deliver trees and shrubs by any specific date. It is our policy to advise clients of impending deliveries, but we cannot be held responsible for any delays arising from mechanical failure or adverse weather conditions. Delivery and completion dates quoted by us or included in the contract are given in good faith but are estimates only and without engagement. The Company shall be entitled to charge for abortive delivery costs, storage costs and collation costs should pre-arranged delivery or collection be unnecessarily deferred, or should our delivery vehicles be unduly delayed at the appointed site. We reserve the right to invoice up to 25% of the value of goods reserved but not called off within the scheduled time of supply of any contract.
3. **Retentions etc:** No retentions and/or contractor's discounts are acceptable unless negotiated at the enquiry stage and clearly stated on every client's official order.
4. **Cancellations:** The Company has the right to suspend or terminate a Supply Contract if that client:
  - i. exceeds his mutually agreed credit limit, or
  - ii. is in breach of contract on any other contract with the Company.
