Surefire Cherry Cordial Bronze Leaf Begonia

Sweetspice Appleblossom Begonia

Move2 Red Begonia

Orange Lantern Begonia

ANGELONIA

AngelDance™ Series

Thrives in extreme heat, humidity and drought. Uniform habit and flowering time for easy, high-density production. Well-branched plants. Excellent landscape performance.

- Fuchsia Bicolor
- Violet Bicolor

Ball FloraPlant®

Available exclusively through Ball Seed®.

Archangel™ White Improved

Series thrives in extreme heat, humidity and drought. NEW White Improved features better branching with more flower power and larger flowers.

Ball FloraPlant®

Available exclusively through Ball Seed®.

BIDENS

Brazen Series

Striking colors and unique, clear flower patterns on plants with vigorous or compact habits create bold options for combinations.

- **Happy Sun**
- **Red Flare**

Syngenta

Namid™ Series

Collection fills all your bidens needs, with strong, well-branched varieties that provide controlled growth and long flower performance.

- **Compact Yellow 23** Bigger flowers with more petals, a more saturated color and attractive foliage.
- **Red+Yellow Eye** The first orange bidens in the lineup; great in combos.

Selecta One®

BRACHYSCOME

Fresco Bright Pink

Compact plant has a mounded habit. Features early and continuous flowering on thick stems that are easy to stick.

Danziger

BRACTEANTHA

Granvia Series

High-vigor, large-bloom strawflower is perfect for Spring, Summer and Fall production.

- **Harvest Orange**
- **Peachy Keen**
- **Pink**

Suntory

Mohave™ Series

Series spans the seasons from Spring to Fall. Big, brilliant flowers make Mohave perfect for mixed containers and landscaping.

- **Apricot 23** Better branching, deeper color saturation and bigger flowers.
- **Dark Red 23** Increased vigor and larger flowers.
- **Pink** Unique color for this class.

Selecta One®

CALADIUM

Heart to Heart Snow Flurry

Fancy caladium features contrasting leaves of deep green and white. Thrives in shade. Grows well in containers and landscapes with upright habit.

Selecta One®

CROSSANDRA

Watermelon

Melon/coral flower color makes this a unique selection for premium containers.

Dümmen Orange

CUPHEA

Cherrybells

Roots faster than comparable cuphea, reducing costs and production time. It can be produced at lower temperatures, decreasing the overall cost of Spring greenhouse production.

Ball FloraPlant®

Available exclusively through Ball Seed®.

Cubano Christo

Spring to Summer bloomer provides good garden performance and heat tolerance.

Danziger

Sugarbells

Roots faster than comparable cuphea, reducing costs and production time. Requires less special treatment because of its high resistance to Oedema.

Ball FloraPlant®

Available exclusively through Ball Seed®.

CYPERUS

Graceful Grasses Queen Tut

This petite-yet-vigorous umbrella grass is a fun thriller for container recipes when paired with additional moisture-loving plants. Its small, bright green, starburst-like umbels are versatile in sun or shade containers and landscapes.

Proven Winners

IMPATIENS (INTERSPECIFIC)

Solarscape™ F1 Series

Available in North America only.

The first interspecific impatiens series from seed provides the same garden performance as vegetative interspecific impatiens without the royalties. Perfect for opening-price-point, non-branded programs at retail and for landscape growers. Blooms have tropical appeal, with a satiny texture in vibrant, glowing hues.

- **Magenta Bliss**
- **Neon Purple** The most compact of the series at approximately 10% shorter height.
- **Orange Burst**
- **White Shimmer** Shimmering white flowers may have a small percentage of pink at the center and very pale, blush pink buds and petals.

Solarscape™ XL Salmon Glow F1

Available in North America only.

Tropical blooms start out a bright salmon color with shading to lighter salmon-coral. XL plant height averages about 20% larger than standard Solarscape.

Blockbuster Blue Vinca

TORENIA**Hi-Lite Blue Beacon**

Multi-branched plants fill packs and small pots with ease for efficient high-density production. Close flowering window and well-matched habits help reduce grower costs and increase efficiency.

VERBENA**Vanity**

Compact habit makes it sturdy and easy to maintain. Deep blue/purple flowers attract butterflies day in and day out. *All-America Selections Winner.*

Hi-Lite Blue Beacon Torenia

VINCA**Blockbuster F1 Series**

This exciting series has a compact, well-branched habit with huge flowers that maintain their well-rounded form. The flowers are capable of reaching 2 to 2.5 in. (5.5 to 6 cm), even in extreme conditions. Great color intensity, even in full-sun conditions.

- Blue
- Patriot Mix

Cora Cascade XDR Punch F1

Vigorous, trailing series fills landscapes and baskets well, with large, long-lasting flowers covering the entire plant. Uniform habit and flowering time. Thrives in heat and humidity, and resists aerial Phytophthora.

Tattoo™ Orange

Very floriferous and well-branched plants display one-of-a-kind flowers with an overlapping, fully rounded form that won't show gaps in hot temperatures. NEW Orange features a medium orange color with a dark center. Petal color lightens in high light and temperatures.

Titan™ Cranberry F1

A vigorous grower even in cooler climates and a good low-water variety in hot, dry conditions, Titan is perfect for landscapes and containers of all types. NEW Cranberry features a rich, velvety, dark red bloom color with a lighter center. Times with Really Red. Landscape height is on the tall side of the series at 16 in. (41 cm).

Virtuosa F1 Series

Compact F1 hybrid and uniform habit with great basal branching in pots. Overlapping strong petals have a round flower shape.

ARABIS

Arabis caucasica

Little Treasure White

Uniform in habit and flower timing throughout the series, with stable, intense color for early-Spring shipping. Fall-planted perennial requires vernalization. Compact habit for quarts and gallons.

Zones: 3-7

ARENARIA

Arenaria montana

Blizzard Compact

Vibrant single white blooms with dense branching create clouds of color. Perfect for small pots and early-Spring programs.

Zones: 3-7

ASTILBE

Astilbe arendsii

Rhapsody

Perfect for 1 to 2-gal. production. Long, slender plumes in intense shades of red, pink, carmine and cream top this premium seed item for shade.

Zones: 4-9

AUBRIETA

Aubrieta hybrida

Audrey Light Blue

Large flowers on compact, uniform plants produce a good display of color and have a long shelf life.

Zones: 4-9

AURINIA

Aurinia saxatilis

Summit

Forms a low, bushy mound of gray-green leaves, smothered by masses of tiny, bright golden-yellow flowers for several weeks.

Zones: 3-8

CAMPANULA

Campanula portenschlagiana

Clockwise Compact White Blush

First F₁ hybrid *C. portenschlagiana*, offering fast, uniform production. No vernalization needed. Dense, compact habit requires less PGRs. Highly uniform in habit and flowering time.

Zones: 4-7

DELPHINIUM

Delphinium elatum

Delphina Series

First series of compact *D. elatum* needs less PGRs during production.

Zones: 4-8

- Pink White Bee
- White Black Bee

Excalibur Series

Uniform, well-branched plant habit with sturdy flower stems. Good mix of vibrant colors. Suited for larger pot sizes.

Lavandula Scent Blue & White Early Mix

Lavandula Violeta Purple XL

Papaver Garden Gnome

HEUCHERA*Heuchera americana***Marvelous Marble Silver**

Excellent vigor for great pot and garden performance. Purple leaf color changes to green with dark veins as temperatures increase.

Zones: 3-9

*Heuchera sanguinea***Coral Forest**

Spikes of clear red flowers above deep green foliage form early in the season. Shorter flower stems make a neater pot appearance.

Zones: 3-9

IBERIS*Iberis sempervirens***Tahoe**

Compact, well-branched plants with uniform flowering offer excellent performance in small pots.

Zones: 3-9

LAVANDULA*Lavandula angustifolia***Scent Series**

Scented lavender with more consistent and earlier flowering. Bold spikes top silvery-green mounded plants with a vigorous branching habit. Easily programmable.

Zones: 5-9

- Blue Early
- White Early
- Blue & White Early Mix

*Lavandula stoechas***Violeta Purple XL**

The first-ever Spanish Lavender from seed with repeat flowering. Vigorous habits with large, high-quality flowers rival vegetative varieties.

Zones: 7-9

PAPAVER*Papaver nudicale***Garden Gnome**

Produces tall stems of fragrant, cup-shaped flowers with unusual, papery-looking petals.

Zones: 2-8

Platyodon Twinkle White

Salvia Merleau Blue Compact

PEROVSKIA*Perovskia atriplicifolia***Bluesette**

The first and only compact, branching and early Perovskia from seed. Works well at the front of the landscape, as well as in a single premium patio container or mixed combo. Features a long flowering period, with ornamental foliage and a pleasing fragrance. Attracts bees and butterflies.

Zones: 4-9

PLATYCODON*Platyodon grandiflorus***Twinkle White**

A shining star for early-season sales! Uniform, densely branched, dwarf compact habit produces fuller plants with more flowers. Plant holds flowers during transport and under low light conditions at retail.

Zones: 4-8

RUDBECKIA*Rudbeckia fulgida var. sullivantii***Goldblitz**

Shortens the production time for a finished flowering crop to 2 to 3 weeks compared to Goldsturm. Provides a more economical input option for natural daylength growers, as the plugs do not require special treatment. Slightly smaller leaf and flower size than Goldsturm.

Zones: 3-9

SALVIA*Salvia superba***Merleau Series**

Uniform, well-branched perennial is also suitable as an annual bedding plant. Flowers the first year without vernalization.

Zones: 4-8

- Blue Compact
- Rose Compact

Sunday Green Celosia

Versailles Mix Cosmos

Sunday Bright Pink Improved Celosia

Polyanthemos Eucalyptus

CELOSIA

Pampas Plume Mix

One of the fastest varieties to flower, these wispy plumes add lightness and texture to mixed bouquets.

Sunday™ Series

Offers longer stem length with a nice, full plume and intense flower colors. Good shipping and vase life.

- **Bright Pink Improved** Upgraded for improved uniformity and flowering time.
- **Cherry Improved** Earlier to flower, so it times better with the series.
- **Gold Improved** A better match to the series under greenhouse cultivation.
- **Green** A trendy, icy pale green with a great plume form.
- **Purple Improved** Slightly later to develop, with taller and more uniform plumes.

CENTAUREA

Cyanus Blue Boy

A very fine, tall, double-flowered variety with lance-shaped, long and graceful leaves.

COSMOS

Versailles Mix

Early blooming and vigorous. Produces under short days and is also suitable for greenhouse culture during the Winter. Strong stems can withstand considerable handling.

DIANTHUS

Tall Double Mix

Features a wild mix of colors and patterns that are perfect for cutting and arranging. True biennial variety for Fall transplant.

EUCALYPTUS

Polyanthemos

Silvery green leaves on sturdy stems.

KALE (FLOWERING)

Crane Ruffle F1 Series

New fringed leaf type in the Crane series. Features a vigorous plant habit, so growers can easily secure the plant height/stem length.

- **Bicolor** Slightly shorter than the others.
- **Red**

LISIANTHUS**Arena F1 Series**

Series of fully double blooms in a wide range of colors and flowering times.

- 3 Rose
- 3 White

Can Can Carmine Rose F1

Can Can Lisianthus has medium, double flowers with a top-flowering habit ideal for use in bouquets. It is a group 2-2.5 late-flowering series. NEW Carmine Rose is a deep, rich rose that is excellent for use in bouquets or grower bunches.

Celeb 1 Beige Neo

Huge blooms with strong, wavy, ruffled petals. Double flowers. Strong stems hold the flowers upright.

Mariachi Light Pink F1

2 to 2.75-in. (5 to 7-cm) flowers on strong stems.

Rosanne 2 Green F1

Very unique flower colors, excellent vase life and more usable flower buds highlight this series. Strong flowers with thick petals and top flowering reduce *Botrytis* problems during shipping.

Voyage 2 First Love F1

This beautiful lisianthus series has large, double flowers abundantly filled with lightly fringed petals in delicate colors with sturdy stems.

Voyage 3 Champagne F1

Group 3 variety has large, gorgeous champagne blooms with a higher petal count than Voyage 2, and it withstands the rigors of shipping with strong petals.

Wedding 2 Kiss

Beautiful white flowers with soft fringe.

Available exclusively through Ball Seed®.

PTILOTUS**Matilda ApeX**

Sun and heat-loving beauty has a long vase life.

Supreme Early White Trachelium

SNAPDRAGON**Opus Pink III**

(Group 3) Late Spring to early Fall-flowering. Tightly spaced florets, superior stem length and caliper.

SUNFLOWER**Solano Deep Orange F₁**

Very large, pollen-free flowers have a strong, intense orange color and deep black center. 56 days.

Vincent's Choice DMR F₁
(Reintroduction)

Daylength-neutral series allows for flexible programming, with production of high-quality crops in early, mid and late seasons. Upward-facing flowers on strong stems have round, overlapping petals for better shipping, and an extra ring of petals for more attractive presentation. Features downy mildew resistance. 55 days.

TRACHELIUM**Lake Series**

The Lake collection from seed offers simplified ordering and production. Lake varieties produce large central flower umbels with small satellites.

- **Lake Forest Purple** Lake Forest varieties are best for Winter to early Spring harvests.
- **Lake Michigan Blue**
- **Lake Michigan Purple**
- **Lake Michigan Violet**
- **Lake Michigan White**

Supreme Early White

Stem has a large central cluster of star-shaped flowers surrounded by several smaller umbels on side branches.

ZINNIA**Queeny Lemon Peach F₁**

Show-stopping color! The long-lasting, 2 to 4-in. (5 to 10-cm), dahlia-like blooms sit atop sturdy, compact plants. *All-America Selections Winner.*

Mini-Me Cucumber

Burgundy Broccoli

Dynasty Broccoli

Centennial Broccoli

Stellar Vantage Cabbage

Xtreme Vantage Cabbage

ARUGULA

Dragon's Fire

Spicy, flavorful arugula is perfect in salads and sandwiches. Its oak leaf-shaped, serrated leaves feature vivid-colored maroon veins.

BEAN

Derby

Medium-dark green beans have long, straight, round pods that remain tender, are easy to pick and excellent fresh or frozen. Enjoy a successful and bountiful harvest. *All-America Selections Winner.*

BROCCOLI

Burgundy

First-ever whole head purple sprouting broccoli. Completely edible and tender throughout. Very uniform and holds color well.

Centennial

Centennial plants are early and medium-sized with large, smooth, small-beaded heads. The stems are long with minimal side shoots. Excellent fresh or frozen.

Dynasty

Mid-late maturing broccoli variety with smaller, lower leaf attachments to aid with ease of harvests. Medium plant size with smooth, dome-shaped, medium green heads that are anthocyanin free. High yielding and harvests uniformly. Excellent fresh or frozen.

Empire

A high-domed, smooth head with great weight and deep emerald color. The large, tightly packed heads are best used as whole crowns.

BRUSSELS SPROUTS

Silvia F1

Early maturing compact plants. The green sprouts are tightly packed with 40-50 sprouts per stalk. Excellent roasted, sauteed or steamed.

HYBRID CABBAGE

Stellar Vantage

This variety has mid-late maturity with nice, dense heads and short cores. Resistant to *Fusarium* yellows race 1 and has Intermediate Resistance to Black rot.

Xtreme Vantage

Very good uniformity with a good disease package showing strong resistance against Black rot and a strong tolerance to tip burn.

BURPLESS CUCUMBER

Summer Dance

Glossy, deep-green 9-in. fruits are packed with sparkling refreshment. Japanese burpless variety grows like crazy, sending out numerous lateral vines for high yields. High Resistance to downy mildew and powdery mildew; tolerant to heat stress.

SLICING CUCUMBER

Telegraph Improved

Produces excellent yields of 15 to 18-in. (.38 to 46-cm) long, dark green, burpless cucumbers that stay crisp and fresher longer than other varieties.

SPECIALTY CUCUMBER

Mini-Me

Plants are parthenocarpic and extremely productive. Find 2-5 uniform, delicious, snack-sized mini cucumbers per node. Pick when small for crisp, shiny fruit with excellent appearance and flavor. Intermediate Resistance to Cucumber mosaic virus, downy mildew and powdery mildew.

Crimson King Basil

Everleaf Emerald Towers Basil

Hoargarth Gourd

EGGPLANT

Asian Delite F1

Slender, elongated eggplants are glossy with bright purple skin and white, tender, non-bitter flesh. Plants are upright and semi-spineless, so they're very easy and painless to harvest.

HERB BASIL

Crimson King

Red Genovese type basil variety, bred for its uniform leaves and greater vigor than other red varieties. Excellent flavor.

Everleaf Emerald Towers

This dark green, glossy-leaved and beautiful columnar-habit basil is ideal for any garden. Traditional Genovese flavor. Plus, it flowers late in the season, for huge harvests of leaves throughout Summer.

GOURD

Birdhouse Martinhouse

Tan, smooth, hard-shelled gourd grows up to 15 in. (38 cm) long.

Hoargarth

This distinctive orange and dark green gourd will add texture to Fall displays. The wart-covered fruit are 7 in. (18 cm) wide and 5 in. (13 cm) long.

Large Apple

Large hard-shelled gourd shaped like an apple. Mottled green skin dries to brown; very long shelf life. Best used for crafting and birdhouses.

Speckled Swan

With their graceful form and alluring color, swan-necked gourds are naturally ornamental. This variety's large, round base is topped with a thick, curved neck with a bulbous tip, giving its swanlike effect. The deep green fruits, speckled with light green speckles, weigh about 3 lb. (1.4 kg).

Everleaf Thai Towers

Aromatic and vibrant licorice flavor complements any dish, especially Thai cuisine. Well-branched, with huge harvest potential of masses of medium-green leaves.

LETTUCE & SALAD GREENS

Regency 2.0

Strong field tolerance to downy mildew, tip burn and Corky Root. The solid, dark green heads are uniform and have a low core and good bolting.

INTERMEDIATE DAY ONION

Yosemite

This mid-day, globe-shaped onion produces jumbo to colossal-sized bulbs. Its several outer layers of vibrant brown skin provide good protection to the firm, white, single ring centers. Excellent uniformity and grower friendly. Intermediate Resistance to pink root rot.

Birdhouse Martinhouse Gourd

Regency 2.0 Lettuce

Yosemite Onion

Spinning Tops Pepper

Aleppo Pepper

Chaak Pepper

Megatron Pepper

Lone Ranger Pepper

Quickfire Pepper

Pathfinder Pepper

ORNAMENTAL EDIBLE PEPPER**Quickfire F1**

Thai-type, ornamental pepper produces plenty of hot delicious fruit on a compact, sturdy plant. Perfect for container gardening; no staking required. *All-America Selections Winner.*

CHILI PEPPER**Aleppo**

Aleppo peppers have a sweet taste with a nice kick of heat on the back end. This very thin-skinned and thin-walled pepper is native to Syria and Turkey. Mainly used dried or crushed. The taste is slightly smoky, salty, sweet, and warming, with the heat of 10,000 Scovilles.

HABANERO PEPPER**Chaak**

Early hybrid habanero matures from green to beautiful orange color. High yielding and heavy, large, thick-walled fruits with good shelf life after harvest. 200,000 Scovilles.

JALAPEÑO PEPPER**Megatron**

Megatron is an exciting hybrid jalapeño that boasts dense, extra large fruit. This variety has good shelf life and a nice green color. Other benefits include extreme earliness and high yield potential.

Pot-a-peño F1

Unique, cascading jalapeño pepper plant is perfect for small spaces or hanging baskets. Loads of fruit grow under a dense canopy of small, dark green leaves. 1,000 Scovilles. *All-America Selections Winner.*

SERRANO PEPPER**Lone Ranger**

Serrano pepper variety is a great heat-set choice producing high yields of exceptionally large fruits that maintain their size throughout the entire season. The thick walls allow for an extra-long shelf life with high heat units.

Pathfinder

A very stable and adaptable variety for all planting regions. This serrano has a dark green color and maintains its large size throughout the production cycle. Early and high yielding for cold-to-hot and hot-to-cold regions.

SPECIALTY HOT PEPPER**Spinning Tops**

This hot pepper has an unusual shape that bears fruit all season long. Measuring at 30,000 scovilles, it has a hot, yet fruity flavor. Great for pickling or crushed up as a sauce for meat, fish or poultry.

Dragonfly Pepper

Gold Standard II Pepper

Mercer Pepper

Red Standard II Pepper

Mocha Swirl Pepper

SWEET BELL PEPPER

Dragonfly (Reintroduction)

Thick-walled, juicy purple bell has better eating qualities than others on the market. Holds purple stage for a long time, so it has a good harvest window when purple, which continues on through ripening to red. *All-America Selections Winner.*

Gold Standard II F₁

This great, big, green-to-gold bell pepper produces high yields. Also offers an excellent disease resistance package.

Exclusively Burpee!

Mercer

Firm, dark green bell pepper matures to a very attractive deep red. Delivers high yields, good cover, and firm, thick-walled fruit. Large, disease resistant plants are well-adapted to many growing regions.

Red Standard II F₁

This colossal, green-to-red bell pepper produces thick-walled fruit that adjusts well from cool to warmer seasons. It offers early maturity and high yields, and the peppers will ripen to red quickly in hot climates. It also offers excellent disease resistance.

Exclusively Burpee!

Revolution II

Large to extra-large blocky fruit has a smooth, glossy, deep green color that turns to red. Very uniform fruit shape with an excellent disease package, including Intermediate Resistance to Phytophthora.

Trailblazer F₁

Tall, upright plants yield early-maturing, vibrant yellow, medium-to-large, blocky bell peppers. Holds its yellow color longer, so it is slower to turn gold/orange. Three to four-lobed fruit is perfect for stuffing.

SWEET NON BELL PEPPER

Mocha Swirl F₁

Perfect for small space and container gardens. Snack-shaped fruit has green and white stripes and matures to chocolate and red stripes. Peppers have thick walls and an exceptionally sweet flavor for fresh snacking.

Peppers from Heaven F₁ Series

Offers consumers a new way to grow sweet peppers. Attractive mounding/trailing habit makes it perfect for hanging baskets. Lots of fleshy fruit turn from green to glossy in color. Compact plants bear fruit all season long with pollinators.

Exclusively Burpee!

- Orange
- Red
- Yellow

Countryside Spinach

Darkside Spinach

Hulk Pumpkin

PUMPKIN**Big Deal**

It is a large 25-lb.+ pumpkin with a hefty, well-embedded handle, uniform sized, sturdy fruit, dark orange color and good yield potential. Plants have Intermediate Resistance to powdery mildew and stand up to hot Summer and Fall conditions.

Hulk

Dark orange with a large, dark green, embedded handle. High yields of extra-large, 30-lb.+ , oblong barrel-shaped, ribbed fruit. Hulk sets multiple, uniform-sized fruits per plant.

Skidoo Gold

Blocky, heavily ribbed, mid-sized pumpkin with powdery mildew resistance. Improved uniformity and color over comparable varieties in the same weight class.

Skidoo Gold Pumpkin

Chiffon Squash

SPINACH**Countryside F1**

Beautiful, dark green, very uniform, baby leaf spinach variety. Thick, smooth, round, oval leaves. Holds well and has acceptable bolt tolerance for fresh market growers.

Darkside

Uniform, dark green, smooth, round, oval leaves. Plant has a nice upright habit with thick leaves and good weight. It has a slow-to-moderate growth habit, making it an excellent choice for baby leaf growers.

SUMMER SQUASH**Chiffon F1**

Fine, white flesh is velvety smooth and tasty. High yields from midsummer until frost. The extremely tender, uniform fruit has a flavor as delicate as its buttery, yellow color. Compact, bush habit makes it easy for picking.

Big Beef Plus Tomato

BlushingStar Tomato

Pink Delicious Tomato

Thunderbird Tomato

BEEFSTEAK TOMATO

Big Beef Plus F₁

It has a desirable, rich-looking crimson interior with a classic tomato flavor. Gardeners will fall in love with the colossal fruit size and added disease resistance of Big Beef Plus. Offers greater yield potential, along with improved disease resistance.

BlushingStar F₁

Upgrade your garden with heirloom tomato flavor and modern hybrid tomato performance. Early-maturing, pink beefsteak fruit are sweet and savory, with higher yield potential and fewer blemishes than most heirlooms.

DarkStar F₁

Early-maturing, rich, purple beefsteak fruit has higher yield potential and fewer blemishes than most heirlooms. Offers high resistance to late blight.

Mountain Man

Produces extra-large fruit with delicious flavor that is well-balanced between sweetness and acidity. Strong plants offer high yields of deep red tomatos. Good for patio containers.

Pink Delicious

Giant, heirloom-style tomato has excellent sweet flavor and texture with added disease resistance and improved germination. Early maturing with a high yield and very uniform fruit size. *All-America Selections Winner.*

SALADETTE/SAUCE TOMATO

Laguna Red

High-quality, determinate salad variety well suited for cool season production. Attractive red, very firm and smooth-shouldered fruit with good flavor. Medium tall plants benefit from light pruning.

Rambler

High-quality salad variety offers high yields of jumbo, extra-large fruit on determinate plants. Great for patio containers. Excellent fruit size, color, quality and firmness.

Thunderbird

Extra-large, very firm, good-flavored fruit has a deep red interior. Strong plants offer a high yield and thrive under warm and wet conditions. Dual-purpose variety with both vine-ripe and mature green potential.

SLICER TOMATO**Better Boy Plus F₁**

Better Boy Plus has all the great characteristics of the classic Better Boy, plus more flavor, disease resistance and adaptability! This bright red hybrid is unbelievably juicy and packs an unbeatable flavor.

Celebrity Plus F₁

This tomato is everything you loved about the original, plus added disease resistance. Celebrity Plus produces large, smooth fruit with outstanding flavor perfect for slicing fresh or cooking in sauces.

Early Girl Plus F₁

One of the best-selling early varieties on the market just got better. Same *great* taste, with a *great* disease package to help gardeners have *great* success. Enjoy more fruit per yield.

Available exclusively through Ball Seed®.

Lemon Boy Plus F₁

Lemon Boy Plus has all the best qualities of the original, plus added flavor and disease resistance. This tomato has a unique yellow color and a sweet, tangy flavor.

SMALL-FRUITED TOMATO**Indigo™ OP Blue Berries**

Small-fruited tomato series has a pleasantly tart, slightly acidic profile. NEW Blue Berries has amethyst-purple cherry tomatoes that ripen almost black with a brick-red bottom.

Purple Zebra F₁

Fruits are rich with complex flavors and moderately firm texture. Delicious, dark red tomatoes have green stripes and a deep mahogany-red interior. *All-America Selections Winner.*

Raspberry Drop F₁

Large, dark pink cherry/grape tomatoes with excellent flavor. Fruit matures moderately early on an indeterminate vine.

Sun Dipper F₁

Sun Dipper is a specialty small-fruited "dipper" tomato. Elongated fruit is easily held between your fingers for easy dipping.

Sunset Torch F₁

Sunset Torch has strong, dramatic striping from stem to tip and very good flavor. Small, plum-sized tomato is a vigorous grower and ripens early. *All-America Selections Winner.*

terms and conditions of sale

VISIT BALLSEED.COM FOR CURRENT TERMS AND CONDITIONS OF SALE.

Note: Ball Terms & Conditions of Sale are country/region specific. The following Terms & Conditions of Sale apply to product sold within the United States and Canada.

ACCEPTANCE OF TERMS

These terms and conditions shall govern orders for seeds, bulbs, plants, supplies and other materials (merchandise) placed with Seller. All negotiations with sales representatives or other agents of Seller are merged herein. No modification of these terms and conditions shall be effective unless in writing signed by Seller. Placement of the order shall constitute Purchaser's acceptance of these terms and conditions. All orders are subject to acceptance by Seller at our offices in West Chicago, Illinois.

LIMITATION OF WARRANTY

Seller warrants, to the extent required by law, that merchandise conforms to the description appearing in Seller's catalog and on container labels, within recognized tolerances. SELLER MAKES NO OTHER OR FURTHER WARRANTY, EXPRESS OR IMPLIED. ALL OTHER OR FURTHER WARRANTIES, INCLUDING ANY WARRANTIES OF MERCHANTABILITY, TITLE, NON-INFRINGEMENT AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXCLUDED. Certain merchandise may be separately warranted by the manufacturer. Seller does not adopt or ratify any manufacturer warranties, express or implied, and Seller shall have no liability thereunder. Seller does not adopt or ratify any manufacturer warranties, express or implied, made by Purchaser upon resale of the merchandise, and Seller shall have no liability thereunder.

LIMITATION OF REMEDY

PURCHASER'S SOLE AND EXCLUSIVE REMEDY SHALL BE REFUND OF THE PURCHASE PRICE. SELLER'S LIABILITY, WHETHER FOR BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, PRODUCTS LIABILITY OR ANY OTHER THEORY OF LIABILITY, IS LIMITED TO THE AMOUNT OF THE PURCHASE PRICE. UNDER NO CIRCUMSTANCES SHALL SELLER BE LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE, OR FOR ANY SPECIAL, INCIDENTAL, INDIRECT OR CONSEQUENTIAL DAMAGES.

USE RESTRICTION

Merchandise is not intended for sale to large-scale commercial growers of herbs or vegetables. Use, transfer and/or acquisition of merchandise constitutes acceptance of a limited right to use the merchandise solely to grow a single crop for food, feed, processing or ornamental purposes. No other use is permitted. Any transfer of merchandise must be accompanied by this use restriction.

MANDATORY ARBITRATION

ANY CLAIM WHICH PURCHASER MAY HAVE AGAINST SELLER ARISING OUT OF OR RELATING TO THE SALE OF THE MERCHANDISE SHALL BE SETTLED BY BINDING ARBITRATION IN ACCORDANCE WITH THE COMMERCIAL ARBITRATION RULES OF THE AMERICAN ARBITRATION ASSOCIATION, SAID ARBITRATION TO BE VENUED IN COOK OR DUPAGE COUNTIES, ILLINOIS. The laws of several states require arbitration, conciliation or mediation of disputes involving allegedly defective seed before legal action may be taken. Purchaser should contact the State Department of Agriculture for information. Such laws typically require that a complaint be filed with the State Department of Agriculture in time to permit inspection of the seed, crops or plants. If such a complaint is filed, a copy must be sent to Seller by registered or certified mail.

GOVERNING LAW, JURISDICTION & VENUE

The laws of the State of Illinois, including but not limited to the Uniform Commercial Code as adopted therein, shall govern all matters arising out of or relating to Seller's sale of merchandise. ANY DISPUTE NOT SUBJECT TO ARBITRATION AND ANY ACTION TO ENFORCE AN ARBITRATION AWARD ARISING OUT OF OR RELATING TO THE SALE OF MERCHANDISE HEREUNDER SHALL BE MAINTAINED IN THE STATE OR FEDERAL COURTS LOCATED IN DUPAGE OR COOK COUNTIES, ILLINOIS, AND PURCHASER SUBMITS TO THE JURISDICTION OF AND VENUE IN SAID COURTS.

INDEMNITY

By accepting merchandise, Purchaser agrees to defend Seller, to hold it harmless and indemnify it from and against any claim or loss asserted by any or all transferees of such merchandise or users of the products of such merchandise who are not notified by Purchaser in writing of Limitation of Warranty, Limitation of Remedy, Mandatory Arbitration, Governing Law Jurisdiction and Venue, and Notice Regarding Seed-Borne Diseases in language substantially equivalent to that contained in these Terms & Conditions of Sale.

PRICES

All prices are subject to change without notice. The price in effect at time of shipment will prevail. Prices do not include installation; Seller takes no responsibility, and shall have no liability for installation. Requests to package seed in unlisted sizes will incur a charge of \$0.75 per packet. Additional processing and handling charges may be added.

PAYMENT

Payment is due in invoiced currency and in accordance with the terms specified on invoice. In the event of default in the payment of any amount when due, and in addition to all other rights and remedies available to Seller, SELLER SHALL BE ENTITLED TO COLLECT A LATE CHARGE OF 2% PER MONTH (24% PER YEAR) OR THE MAXIMUM RATE ALLOWED BY LAW, WHICHEVER IS LESS, ON ALL AMOUNTS PAST DUE FROM THE DATE DUE UNTIL THE

DATE PAID. A FEE OF \$25.00 WILL BE CHARGED FOR ANY RETURNED CHECK, DECLINED EFT TRANSACTION OR DECLINED BANKCARD TRANSACTION. If paying by Pre-Authorized Debit (PAD), or EFT, please note you have waived your right to receive pre-notification of the amount of the PAD and agreed that you do not require advance notice of the amount of PADs before the debit is processed.

FREIGHT & HANDLING CHARGES, INSPECTION, DAMAGED GOODS

The freight and handling charge on Purchaser's invoice covers shipment of the merchandise to Purchaser's destination, and replacement or credit for damaged merchandise if the steps listed here are followed. PURCHASER WILL NOT REFUSE OR RETURN GOODS, OR THE RIGHT TO FILE A CLAIM IS LOST AND PURCHASER WILL STILL BE LIABLE FOR THE MATERIAL AND THE FREIGHT. When Purchaser receives shipment: 1) Count all cartons. 2) Inspect all cartons for external damage. 3) Check for open or resealed cartons. 4) Note any damages, shortages, open or resealed cartons on the delivery receipt; the carrier's representative must also sign the receipt. 5) Open all boxes immediately and inspect for damage, such as scorched, frozen or broken plants; material shortages; etc. NOTIFY SELLER IMMEDIATELY IF A SHIPMENT IS DAMAGED. Call the Ball Traffic Department at **800 879-BALL** to report the damage and receive details on what is needed to file a claim.

CANCELLATION POLICY

Cancellations for unrooted cuttings must be received at least thirty (30) days prior to scheduled ship date. Cancellations for liners or seed-raised plugs must be received prior to stick or sow date.

NOTICE & RETURN

Seller shall have no liability for any defect unless notice is given promptly, not to exceed thirty (30) days after such a defect is or should have been discovered. The buyer is limited to six months from the ship date to report issues. Issues that arise past six months will not be considered for credit. No merchandise may be returned without the Seller's prior written authorization. Requests to return merchandise must be made within ten (10) days after delivery. All returns must be in accordance with Seller's shipping instructions with freight paid by Purchaser. All requests for return of merchandise must be made to Ball at **800 879-BALL**. The Purchaser will also be asked to provide a letter stating the reason for the return.

The order number or invoice number must accompany the return in order to expedite the credit. NOTE: No seed will be accepted without prior notification to Ball at **800 879-BALL**. Effective immediately, seed that is returned without authorization will not be accepted and credit will not be issued. For all Purchasers in the United States, a FedEx call tag will be issued upon authorization of return. There is a \$20.00 freight charge for the FedEx return. Seed must be returned in the original condition within thirty (30) days of the ship date for full credit. No open packages will be accepted. If seed is returned within

thirty-one (31) to sixty (60) days after ship date, full credit will be given but a 15% restocking charge will be assessed. No credit or replacement will be given for seed returned after sixty-one (61) days from our ship date. Because Ball® Controlled Growth seed is perishable and has a shorter shelf life, no returns of these products will be accepted.

DELAYS, SHORTAGES & SUBSTITUTIONS

Seller shall not be responsible for delays in delivery or for losses resulting from such delays. Seller reserves the right to make partial shipment. In the event of shortages, Seller may substitute such other, similar merchandise as is available.

PLANT PROTECTION

Varieties described herein may be covered by the Flowering-Only Terms and Conditions of Sale Agreement, United States Plant Patents, United States Plant Variety Protection, Utility Patents, and Plant Breeders' Rights. These varieties may not be reproduced without authorization. The breeder or authorized representative has the right to inspect Purchaser's nurseries during normal business hours to assess compliance with the restrictions on use of protected varieties.

TRADEMARKS

® denotes a U.S. registered trademark and ™ denotes a trademark of Ball Horticultural Company, unless otherwise indicated.

SALES LIMITATIONS

EXPORT CONTROL
THE COMPANY'S PRODUCTS MAY NOT BE SOLD, DIVERTED, TRANSFERRED OR RE-EXPORTED, DIRECTLY OR INDIRECTLY, TO ANY INDIVIDUAL, ENTITY, OR DESTINATION THAT IS SUBJECT TO UNITED STATES OR UNITED NATIONS SANCTIONS PROGRAMS OR EMBARGOES (INCLUDING BUT NOT LIMITED TO OFAC SANCTIONS PROGRAMS AND THOSE LISTED ON OFAC'S "SPECIALLY DESIGNATED NATIONALS" LIST) WITHOUT AN APPROPRIATE EXPORT LICENSE.

FOREIGN CORRUPT PRACTICES ACT
EACH PARTY REPRESENTS AND WARRANTS TO THE OTHER PARTY THAT IT WILL TAKE NO ACTION IN RELATION TO THIS TRANSACTION THAT WOULD BE IN VIOLATION OF THE APPLICABLE LAWS AND REGULATIONS OF ANY COUNTRY AND THE UNITED STATES OF AMERICA. NO PAYMENTS OF MONEY OR ANYTHING OF VALUE WILL BE OFFERED, PROMISED OR PAID, DIRECTLY OR INDIRECTLY, TO ANY OFFICIALS TO INFLUENCE THE ACTS OF SUCH OFFICIALS TO INDUCE THEM TO USE THEIR INFLUENCE WITH A GOVERNMENT OR AN INSTRUMENTALITY THEREOF, OR TO OBTAIN AN IMPROPER ADVANTAGE.

NOTICE REGARDING SEED-BORNE DISEASES

Seller makes no representation regarding the freedom from seed-borne diseases of the seed sold and disclaims any liability relating to such diseases, whether previously known to exist or not identified until this seed is grown.
