

City of Fort Collins Plant List

April 2011

City of Fort Collins Plant List

This Plant List was developed to meet the provisions of the Land Use Code Section 3.2.1 regarding Landscape Plans that are submitted as part of the development review process. Landscape Plans are required for commercial, multifamily and common areas of subdivisions, but do not apply to single-family residences.

The Land Use Code says that plant material for Landscape Plans must be selected from the *City of Fort Collins Plant List*. Additional plants may be added to the list upon a determination that the plants are appropriate for inclusion.

In addition, hydrozones must be shown on the plan. Hydrozones are areas defined by a grouping of plants requiring a similar amount of water to sustain health. The four hydrozones based on supplemental irrigation needed:

- High Hydrozone (H): 18 gallons/s.f./season
- Moderate Hydrozone (M): 10 gallons/s.f./season
- Low Hydrozone (L): 3 gallons/s.f./season
- Very Low Hydrozone (VL): 0 gallons/s.f./season

Street Trees

Trees selected for planting as public street trees should be from the list below or approved by the City Forester.

Botanic Name	Common Name	Selected Cultivars	Water Need	Drought Tolerant
<i>Catalpa speciosa</i>	Northern Catalpa		L-M	Y
<i>Celtis occidentalis</i>	Northern Hackberry		M	
<i>Gleditsia triacanthos inermis</i>	Honeylocust	Shademaster, Skyline, Imperial	L-M	Y
<i>Gymnocladus dioica</i>	Kentucky Coffeetree		L-M	Y
<i>Quercus buckleyi</i>	Texas Red Oak		L-M	Y
<i>Quercus macrocarpa</i>	Bur Oak		L-M	Y
<i>Quercus muehlenbergii</i>	Chinkapin Oak		L-M	Y
<i>Quercus shumardii</i>	Shumard Oak		L-M	Y
<i>Quercus robur</i>	English Oak	Species, Skymaster	L-M	Y
<i>Tilia americana</i>	American Linden	Species, Boulevard, Frontyard, Legend, Sentry	M	
<i>Tilia cordata</i>	Littleleaf Linden	Chancellor, Dropmore, Greenspire, Norlin, Olympic, Prestige, Shamrock	M	
<i>Tilia x euchlora</i>	Redmond Linden		M	
<i>Tilia x flavescens</i>	Glenleven Linden		M	
<i>Ulmus sp.</i>	Accolade Elm		L-M	Y

Notes:

1. Don't use lindens along roads that are treated with deicing salts.
2. Use Accolade Elm sparingly.
3. Approved cultivars are listed by each tree name. The term species indicates that trees grown from seed, as well as the listed cultivars, may be used.
4. Those species labeled as drought tolerant should be the only species used on sites with limited irrigation.
5. Only ornamental trees that have these characteristics should be selected as street trees.
 - Can readily be trained to a single stem with the first branch high enough to avoid conflicts.
 - Sterile, sparsely fruited, small fruited or with persistent fruit.
 - Crown form that grows or can be maintained appropriate for the site.
 - Disease resistant.
 - Thornless.
6. Contact the City Forester for approval of ornamental trees and shade trees not listed.

Front Range Tree Recommendation List

In 2010, a group of individuals evaluated and rated over 250 trees or varieties growing along the Front Range. Each tree was given a rating of:

- A – Generally Recommended
- B – Conditionally Recommended
- C – Potential/Unproven
- D – Not Recommended

The *Front Range Tree Recommendation List* with descriptions of the ratings can be downloaded from CSU Extension at www.ext.colostate.edu/pubs/garden/treereclist.pdf.

Notes

1. Select trees from the “A list” (Generally Recommended) or the “B list” (Conditionally Recommended) where the limiting critical factor(s) can be managed.
2. When selecting trees from the “C list” (Potential/Unproven), use limited quantities appropriate for the site.
3. Do not use trees from the “D list” (Not Recommended).

Deciduous Shrubs

Botanic Name	Common Name	Hydrozones			
		VL	L	M	H
<i>Acanthopanax sieboldianus</i>	Fiveleaf Aralia		L		
<i>Acer ginnala</i>	Amur Maple		L	M	
<i>Acer glabrum</i>	Rocky Mountain Maple			M	H
<i>Acer grandidentatum</i>	Wasatch Maple			M	
<i>Alnus tenuifolia</i>	Rocky Mountain Alder				H
<i>Amelanchier alnifolia</i>	Saskatoon Serviceberry		L	M	
<i>Amelanchier canadensis</i>	Shadblow Serviceberry		L		
<i>Amelanchier utahensis</i>	Utah Serviceberry	VL	L	M	
<i>Amorpha canescens</i>	Leadplant		L	M	
<i>Amorpha fruticosa</i>	False Indigo			M	
<i>Amorpha nana</i>	Dwarf Leadplant		L	M	
<i>Aronia arbutifolia</i>	Red Chokeberry			M	
<i>Aronia melanocarpa</i>	Black Chokeberry			M	
<i>Aronia x prunifolia</i>	Purple Chokeberry			M	
<i>Artemisia tridentata</i>	Tall Western Sage		L		
<i>Artemisia cana</i>	Silver Sage	VL	L	M	
<i>Artemisia filifolia</i>	Sand Sagebrush	VL			
<i>Artemisia frigida</i>	Fringed Sage	VL	L		
<i>Artemisia nova</i>	Black Sage		L		
<i>Artemisia versicolor</i>	Sea Spray Sage		L		
<i>Atriplex canescens</i>	Four-wing Saltbush	VL	L		
<i>Atriplex confertifolia</i>	Spiny Saltbush	VL	L		
<i>Berberis thunbergii</i>	Barberry			M	H
<i>Berberis x 'Emerald Carousel'</i>	Emerald Carousel Barberry		L
